- Development Internship** -The student has the opportunity to work in a company, NGO, government and will spend the majority of his/her time working in areas related to community development issues. The children's rights, environmental issues, education, HIV/AIDS, rural development and social entrepreneurship.
- Education Internship** - The student has the opportunity to work in a company, NGO, government, university or organisation and will spend the majority of his/her time working in areas related to Education. This includes teaching another subject in another language, curriculum development, character development, research and perspective promotion in academic fields or sectors. The student will spend the majority of his/her time working in areas related to education.

organisation and will spend the majority of his/her time working in areas related to accounting, marketing, project management, organisational

- Technical Internship** - The student has the opportunity to work in a company, NGO, government, university or organisation and will spend the majority of his/her time working in areas related to technical skills. This includes web development and management, software development, database management and database management. The engineering disciplines include electrical engineering. Technical skills, experience and expertise.

Remember that you may only select one type of internship. You cannot select more than one programme later on. And therefore you need to enter the form carefully.

After you hit "Create EP Form" a new EP Id will be generated and the form will be completed.

Keep in mind !

Pools are used to support in grouping the exchange forms to better search & match

From an EP perspective, the pool determines the type of experience you as EP would like to have on your internship

Clear (but ALWAYS real !) description of your **relevant** work & study experience is base for how you can promote your EP form towards TN Managers. Put effort in making sure you **attract** them !

The screenshot shows a web form with two main sections: 'University Education' and 'Work Experience'. The 'University Education' section has a table with columns 'Years of Study' and 'Course of Study'. The 'Years of Study' column contains five dropdown menus, the first of which is set to '5.0'. The 'Course of Study' column contains five empty text input fields. Below this table are radio buttons for 'Masters', 'Bachelor', and 'Undergraduate'. The 'Work Experience' section has a table with columns 'Title' and 'Responsibilities', containing five empty rows for data entry.

3. Add Resume & Experience

Attractive (but ALWAYS real !) CV is your main 'marketing material'. Put effort in making sure you **attract** managers that take decision !
